Price List

Fall - - 1933

Spring - - 1934

LOCATION—Nursery and sales yard eight miles south of Roseburg on the Pacific Highway, one mile north of Dillard Station, and one-half mile south of Coos Junction.

FOREWORD

Herein is a partial list of the stock I GROW. Small quantities are seldom listed. If you do not find stock mentioned to meet your requirements I can very likely assist you, and save transportation and packing charges. We know where dependable trees and plants can be secured. Please remember we grow practically everything we offer and are NOT DEALERS.

If unfamiliar with selections for family or commercial orchards, for your locality, our many years' experience is at your service. Suggestions for ornamental planting of home grounds are given.

The propagating wood for the fruit and nut trees I offer, has practically all been personally selected from vigorous, heavy-bearing true to name as well as true to type stock. Every effort has been made to develop an excellent root system. Our stock of ornamentals and bulbs are also home grown, acclimated, vigorous, and can be relied upon.

We live with our trees and shrubs, and see that they are properly grown. Our stock merits the name HIGH GRADE.

Visitors always welcome to our Nursery and trial grounds.

We do not substitute without consent of purchaser. When ordering late it is advisable to give second choice.

5 at 10 rate. 50 at 100 rate.

No packing charge is made on ordinary shipments of bare rooted stock.

Prices are low considering the quality of stock, but subject to change without notice.

I exercise great care; but, should any stock prove untrue to name, I wish it understood that I will be responsible for no greater amount than the purchase price of any that prove untrue.

Fruit Trees

APPLE—ONE YEAR

BROADLEAFED EVERGREEN TREES AND SHRUBS

We list a few of the many varieties we have. Abelia, Andromeda, Acuba, Azalea, Barberry, Box, Broom, Camellia in variety, Cotoneaster in variety, Daphne, Firethorn in variety, Heather in variety, Holly in variety, Kalmia, Laurel in variety, Southern Magnolia, Sacred Bamboo, Oregon Grape, Photinia, Privet Rhododendron, Stransvaesia, and many others. Priced according to specimen.

VINES AND CLIMBERS

Clematis—five varieties, Ivy—three varieties, Virginia Creeper, Honeysuckle, Jasmine, Wisteria and climbing Roses.

We have these in variety. Choice including varieties mostly 35c each. Liberal reduction in quantity.

PERENNIALS

We have a large stock of peony, delphinium, bleedingheart, iris, poppy, etc.

BULBS

I grow large quantities of Narcissus, Iris, Tulip, Lilies, Gladiolus, etc., for the wholesale trade.

In season we offer these to our retail trade. No better bulbs are grown elsewhere.

SUGGESTIONS

Why not order direct from the propagator, grower and owner—securing home grown acclimated stock?

Early orders frequently save disappointment.

Orders placed with me will be reserved until you are ready to plant.
